### WHOOPING COUGH

Whooping cough is very dangerous to children and sometimes fatal to grown-ups. More people die from it than from Scarlet Fever.

The mother whose children have had Whooping Cough does not need to be reminded of its symptoms. She can remember her child running to her gasping for breath, catching hold of her skirt for support and finally breaking into that painful, rasping cough. Whooping Cough starts with a slight cold, running at the nose, fever, and a dry cough. The eyes are bloodshot. After a week the cough gets worse and the child coughs many times in succession. He becomes pale and draws in his breath with a sharp scraping sound. This is the whoop. In some cases this is not always present.

If a child shows the first signs of Whooping Cough, call the doctor and follow his directions absolutely.

The child frequently vomits because of hard coughing. As a result many children lose weight and become weak. In this condition they easily get t.b., pneumonia or other serious conditions. Do not give the child heavy foods. Give those easily digested. Milk and eggs are very good. Give

an egg well beaten in milk every time he loses a meal.

All discharge that comes from the mouth and nose while the child is sick should be received in a piece of old linen or rags and burned. It is through carelessness in this that the disease is spread. Keep separate cups, glasses, plates and spoons for the child while he is sick. See that the child gets plenty of fresh air. Keep the room well aired night and day. Unless it is raining, take him out EVERY DAY—in the yard, or in to the park.

Keep the child away from others, even after the whoop has stopped he can give the disease to others. Wait until the doctor says he is well. Remember that Whooping Cough is very catching. Be sure that your child does not spread disease and possible death to others.

Pamphlets on communicable diseases can be had from the Canadian Red Cross Society, 408 Civic Block, Edmonton.

### General A. D. MacRae, Vancouver M.P., Pays Visit To Didsbury

After traversing some 1500 miles of the Peace River country, Gen. A. D. MacRae, North Vancouver Conservative member, spent a few hours in Didsbury Monday morning, enroute to Calgary, at Mr. E. Weber's farm to obtain information regarding the brush cutting machine Mr. Weber is using.

### OBITUARY

Following a short illness, Helena Martha, beloved wife of Mr. W. C. Moon, passed away at her home in Didsbury, on Thursday, October 4th, in her 35th year.

She was born in Plymouth, Neb., April 8th, 1893, moving with her parents, Mr. and Mrs. Krebs, to Didsbury in 1906, and was united in marriage in 1913 to Mr. W. C. Moon.

She leaves to mourn besides her sorrowing husband, eight children, the youngest 8 months old, and five sisters and three brothers.

The funeral services were conducted by Rev. C. J. A. Nissen from the Evangelical Church, Didsbury, on Sunday afternoon, October 7th at 1.30, interment taking place in the St. Paul's Lutheran cemetery, Westcott.

The funeral was largely attended by many friends. A great number of floral tributes were in evidence.

### Thanksgiving Day Monday, Nov. 12

Thanksgiving day will fall on Monday, November 12, the date has been announced in Ottawa as a Dominion holiday and, it is understood, will be gazetted in each of the provinces in order that the holiday may be observed uniformly throughout Canada, particularly in connection with Armistice day.—Calgary Herald.

ber issue of Rod and Gun and Canadian Silver Fox News, Canada's sporting magazine, which is just off the press. The contents of this issue cover a wide variety of sporting activities. There are two fine grizzly bear hunting stories, well written by two old timers, A. Bryan Williams and Joseph Hodgson. Other articles cover moose hunting, duck and geese hunting, all kinds of fishing, to say nothing of the regular features on outdoor lore, guns and ammunition, dogs and the silver fox industry, and three fine articles on bird life by well known authorities. In this issue there are also two good yarns by Harry M. Moore and E. A. Wood and another of Robert James' splendid series of "Tales from the Wardroom Mess".

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor Limited, Woodstock, Ont.

### LOCAL & GENERAL

The Women's Institute will meet at the home of Mrs. Ward Keith on Friday, October 19th at 2.30. Mrs. C. Deadrick will give a paper on Canadian Industries.

Mr. and Mrs. Ernest Hardy returned by motor to Rome, N.Y., after spending the summer here.

Mrs. Sheldon Kidd of Paisley, Ont., spent last week in town the guest of Mr. and Mrs. E. Marks.

Rev. A. E. Hayes and C. E. Gibbs made a special trip to Calgary this week concerning the new church. Building operations are again underway and the work will be hurried to completion.

Among those noticed from Didsbury at Olds Monday evening at a lecture by the Rev. W. H. Hibbert on the recent World's Sunday School Convention, were: J. V. Berscht, H. Reiber, Frank Moyle, Rev. H. E. Roppel, Misses Hugo, Johnston, Mrs. Hilliard, Rev. A. E. Hayes, and Mr. and Mrs. Boorman.

Members of the W.C.T.U. commenced their 24th annual Provincial convention in Didsbury yesterday, about 70 delegates being present. A report of the convention will appear in next week's issue.

The Westcott W. I. met at the home of Mrs. Martin Jacobson on Wednesday last. The topic for the afternoon was: "Immigration" taken up by Mrs. Earl Klinck. Mrs. A. M. Robertson also gave a report of the conference held in Didsbury recently. Plans were made for a play to be given on Nov. 9th at 8.30.

A bazaar and fish pond will be held in connection with this, and the admission will be 25¢ for adults and 10¢ for children. The next meeting will be held at the home of Mrs. Earl Klinck at 2 o'clock instead of 2.30 o'clock on Oct 31st.

### TENTH FORTNIGHTLY CROP REPORT

Threshing is fully 75% completed throughout the province, and good progress is being made with the remainder, according to telegraphic reports received by the Department of Agriculture for the tenth fortnightly crop report of the season.

Weather conditions during the past two weeks have been generally satisfactory, although in a number of localities light falls of rain and snow have hampered operations to some extent. Grain is moving rapidly to market and at some country points elevators are reported to be filled to capacity.

Recent reports make it difficult to estimate with any degree of accuracy the damage resulting from frost. In a number of localities and in the case of earlier crops generally injury has been very slight, while in other districts the quality of a considerable percentage of the grain threshed has been lowered from one to three grades and a marked decrease from the anticipated yield is reported.

In the Peace River country the season has been very satisfactory, the grades on the average are stated to be better than for last year's crop. A great deal of fall plowing has been done throughout the province, and this, along with the large amount of land newly broken during the past summer, promises an increased acreage in readiness for next season. Good progress is being made with the harvest of the sugar beet crop in the southern part of the province, and very satisfactory yields are reported.

### Card of Thanks

We wish to thank the many friends and relatives who so kindly extended their sympathy during our sad bereavement, also those who so kindly sent the numerous wreaths and flowers.

W. C. Moon and family.

## The Progress of Canada

Canada is forging steadily, even rapidly, to the front among the nations of the world. In all things material it is making great growth. Its trade, both domestic and foreign, is expanding as never before, and as a result every branch of industry is active. The country has just harvested one of the largest crops in its history, mining discoveries and operations are proceeding on an unprecedented scale, factories are working overtime, building operations in all provinces are reaching totals hitherto unrecorded, with the result that employment is general, wages good, and population increasing.

Important and gratifying as this material growth and prevailing prosperity is to our people, a much more vital matter to Canada is whether the Dominion is likewise making progress in those other directions which are essential to the upbuilding of a nation in the truest sense. Are the Canadian people becoming merely a nation of money-seekers, measuring their success in terms of dollars and statistics recording economic development and growth, or are they utilizing the larger advantages and increased power which material prosperity is conferring upon them to encourage and develop those arts and characteristics which stamp a people as truly advancing to greatness?

We believe signs generally point to the fact that the people of Canada are, taken as a whole, more intensely interested today in the spiritual, intellectual, moral growth of their country than at any previous period; that, in fact, they are deeply concerned, and very determined that the national ideals and character shall be maintained at a high level.

The widespread interest in and discussion of the subject of immigration is but one manifestation of this spirit. Considered solely from a material standpoint it would probably pay Canada to enormously increase its population just as rapidly as possible. Economically Canada would probably gain by absorption by the United States. But Canadians are insistent that quality rather than quantity shall be the governing factor in our immigration policy, and it would be hard to muster a corporal's guard of outstanding men who favor the policy of United States annexation.

Throughout Canada increasingly sympathetic attention is being given to the assimilation of the non-British peoples within our borders into the Canadian family. Here and there people may adopt an unfriendly and unfair attitude towards these people, and to that extent retard the good work, but they are exceptions to the generality of Canadians. More and more is it being realized that these people are making a real contribution to the national life of Canada, bringing to us music, poetry, traditions and handicrafts which are enriching this Dominion.

The increased attention being given to musical festivals and symphony orchestras, to the establishment of art galleries and museums, to scientific research, to literature and the rapidly increasing number of libraries, and to the steady improvement in Canadian magazines and publications of a better class, all go to prove that the people of Canada are not wholly materially minded.

The wonderful success which has attended the application of co-operative principles in the solution of production and marketing problems, and in the provision of public services for the use of all the people, is having its inevitable effect upon the minds of all people. To an ever increasing extent they are beginning to realize that if through loyal co-operation they can remedy material evils and advance their individual and corporate welfare, through the acceptance of the same principles and their application to all phases of community, provincial and national life they can greatly advance the welfare of the country as a whole.

Co-operation is better than competition or antagonism. Sympathetic consideration and helpful co-operation is better than hatred and the maintenance of bitter enmities. In the practical work of co-operation the Canadian people are learning that there are two sides to almost every question, that people who may differ with you are just as sincere as you are, that the road to ultimate success and the greatest good to the greatest number lies along the path of friendly compromise rather than in continual enmity and warfare.

Canada's progress is, therefore, a well balanced progress, and because of this gratifying fact the people of the Dominion may look to the future of this very gratifying fact the people of the Dominion may look with unbounded confidence to the future of their great country.

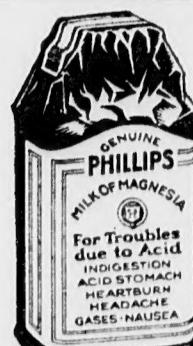

A torch has been devised that can cut steel in a sunken ship at any depth.

Poverty is no disgrace. At least it is better than being a multi-millionaire with chronic indigestion.

Speaking of serious reading, how is this from the bank? "Your account is overdrawn."

## Reduce the Acid

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## To Aid Farm Workers

### Clearing House to Furnish Winter Farm Employment May be Established

While no definite decision has been reached yet, a central clearing house, from which British miner-harvesters will be furnished winter employment may be located in Regina. The establishment of such a bureau, though not necessarily in this city, is expected to be the outcome of a conference held at the Parliament Buildings, Regina, on September 12, attended by representatives of the Federal and Provincial Departments of Colonization, those of the two great railways, the Government Labor Service and the United Farmers of Canada, Saskatchewan section.

## RHEUMATIC MISERY

### Relief Can Only Come Through Better Blood—Liniments of No Use.

In no other disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin but it is loaded with impurities—the rheumatic poisons. Without the proper treatment these poisons increase, the inflamed joints swell and the patient becomes a cripple. Most treatments simply aim to keep down the pain, hence with every unfavorable condition a renewed attack follows.

To cast out rheumatism the blood must be enriched and the rheumatic poisons driven out with the natural secretions of the body. This can best be done through a course of Dr. William's Pink Pills, which have a specific action on the blood, giving it new richness and redness. Thousands have tried this treatment with beneficial results. That every sufferer from rheumatism who does not try Dr. Williams' Pink Pills is neglecting the most hopeful means of recovery is shown by the statement of Mr. David Carroll, Picton, N. S., who says: "For years I was troubled with rheumatism. The pains were not continuous, but they always returned, and kept getting worse. I tried so-called electric belts and many medicines, but did not get more than temporary relief. Only those who have suffered from this trouble will realize what I suffered at times. I had begun to despair of getting better when a friend urged me to try Dr. Williams' Pink Pills. In a short time I could feel this medicine helping me so I gladly continued taking the pills and soon found that every trace of the trouble had disappeared and there was a great improvement in my general health. It is now two years since I took Dr. Williams' Pink Pills and I have not had the least twinge of the trouble in that time. That is why I confidently recommend the pills to other sufferers."

You can get these Pills from any medicine dealer or by mail at 50¢ a box from The Dr. Williams' Medicine Company, Brockville, Ont.

## Canadian Amateur Golf Championship

### Will Be Held at Jasper Park Lodge Next Year From August 19 to 24

Authentic information was received at Jasper National Park by the visiting Senior Golfers from Great Britain that the United States National Amateur golf tournament will be held next year over Pebble Beach, Calif., from September 2 to 7. With these dates now definitely assured it is also possible to state positively that the Canadian Amateur championships will be held over the Jasper Park Lodge golf course next year from August 19 to 24. The defining of these two important dates in the golfing program for 1929 leaves an interval of a full week between the Canadian and U. S. Amateur events and it is more than likely, therefore, that the Canadian championships will attract a large number from the gallery of stars in the United States and other countries who will be westward bound for the U. S. event. Should these hopes be fulfilled, and every effort is to be made by the Royal Canadian Golf Association and the Canadian National Railways to bring them to fruition, the 1929 Canadian Amateur championship will be the greatest event in the history of golf in Canada.

## How French Police Work

### Use Soundless Whistles to Give Alarm to Headquarters

Policemen in most of the large French towns can summon help without being heard. They are supplied with whistles whose notes are far too high-pitched for the human ear to detect. These inaudible sound waves are picked up by microphones skillfully camouflaged throughout the city, and an alarm is flashed to central police headquarters.

A policeman who sees a burglar at work can summon reinforcements without alarming the suspect. He can, too, direct the sending of aid in Morse code by using the soundless whistle.

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

**Physicians prescribe Aspirin; it does NOT affect the heart**

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer Manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

## TO INVESTIGATE MARKETING OF CANADIAN WHEAT

Winnipeg.—Conditions surrounding the marketing of the wheat crop are the main concern at present of W. R. Motherwell, federal minister of agriculture, who was here in connection with departmental business.

Immediately following his arrival in the city, Mr. Motherwell went with the Board of Grain Commissioners to the Grain Exchange for a meeting with the inspection staff. He spent a day at Fort William inspecting the handling of grain there. The minister indicated that investigation into some conditions pertaining to the marketing of Canadian wheat was in progress, partly as a result of complaints which he had heard in the British Isles during his recent trip in connection with the marketing of last year's crop.

In his investigations abroad, Mr. Motherwell was guided by the relation of Canadian production and trade to that of the countries he visited, keeping a sharp lookout for methods which might be applicable in Canada, and opportunities for marketing of Canadian products. He found in the British Isles a strong sentiment for empire products, built, as far as Canada was concerned, on proven quality. He intimated that Canada could market four or five times as much dairy produce by doubling her production, and exporting the surplus over consumption.

While in Winnipeg, Mr. Motherwell plans to visit the Rust Research Laboratory at the Agricultural College, and he will consult the members of his staff in the various branches of the department here.

### Arrest Train Bandit

#### Robber Of Ontario Mail Car Offered No Resistance

Windsor.—Three hours after a mail car had been rifled of Canadian currency estimated at about \$40,000, John Gibbs, 20, said to come from Los Angeles, Cal., was arrested by the local police on the Detroit River train ferry and landed in the goal here. According to authorities here he has admitted his guilt. When taken into custody he was carrying two pistols but offered no resistance to the officers.

The robbery was a most daring one the lone bandit holding the mail clerks helpless at the point of a revolver while he calmly looted the car.

### Zeppelin Makes First Trip

#### Paid Friendly Visit To England and Returned To Berlin

Berlin.—After paying a friendly visit to England, the new German dirigible Graf Zeppelin returned to Berlin. As the huge airship soared over the city in the bright sunshine thousands flocked to the streets and saw it describe a graceful loop over Wilhelmstrasse. Flowers for President Von Hindenburg, attached to a small parachute, were released as the airship passed over Executive Palace, but they were carried six blocks beyond the building.

#### Find Victim Of Plane Crash

Port Angeles, Washington.—The body of Dr. E. Holden, of Victoria, B.C., one of the seven victims of the ill-fated Victoria-Seattle plane which disappeared while en route to Seattle August 25, was found in Port Angeles harbor. The body was headless and badly broken. It was the fourth body of the seven in the plane to be found. The plane itself has never been located.

#### To Open Office In Peru

Ottawa.—G. R. Stevens, Canadian Trade Commissioner in South Africa, has arrived in Canada en route to Peru, where he will open a new office with jurisdiction over Peru, Bolivia and Ecuador. Prior to his departure for South America, Mr. Stevens will visit manufacturing centres of Canada in connection with Canadian exports to his former territory.

### Fire Takes Four Lives

#### When Farm House Near Brandon Was Completely Destroyed

Brandon, Man.—Four persons were burned to death when the farm home of Alex Wilson, near Moore Park, Man., was destroyed by fire.

The dead: Mr. and Mrs. Alex Wilson, Mervin Wilson, their son, and Miss Sarah Wilson, Mr. Wilson's sister. The fire was discovered by I. M. Harrison, a neighbor, when he was awakened by the reflection of the flames upon his windows. He put on his clothing and rushed out to discover that the Wilson house was on fire. The blaze was too far advanced at the time to permit rescue work.

W. E. Mann, general storekeeper at Moore Park, father of Mrs. Wilson, was also quickly on the scene, but the heat was so intense that he could not get near the building.

All of the bodies were recovered. The cause of the fire is a mystery. The barn, garage and other buildings on the farm were unharmed.

### Exhibit For Royal Winter Fair

#### Saskatchewan Will Send Fifty Of Its Best Horses

Regina.—Fifty horses, the pick of the Clydesdales, Percherons and Belgians in the province, will represent Saskatchewan at the Royal Fair, Toronto, in November, it was decided at a meeting of the livestock board held recently.

While many selections have yet to be made, both in horses and other classes, the board has definitely decided that the following will exhibit:

Clydesdales: — The Experimental Farm at Indian Head, the University of Saskatchewan, John Falconer, Govan, and Mrs. W. H. Bryce, Donne Lodge, Arcola.

Percherons:—C. M. Rear, Regina; Robert Weir, Weldon; George Doan and Sons, Stoney Beach.

Belgians:—C. M. Rear, Regina; Robert Thomas, Grandora, Andrew Nolan, Rouleau.

In the horse exhibits from this province there will be 20 Clydesdales, 15 Belgians and 15 Percherons. Many other exhibitors are yet to be named.

### Odd Accident To Airplane

#### Making Forced Landing Was Carried Out Over Lake

Ottawa.—An unusual forced landing at Black Lake, Que., in which the pilot and four passengers escaped uninjured, has been reported to the air board by the Canadian Transcontinental Airways.

Engine trouble forced down a plane piloted by I. Vachon. An effort was made to land on the ground but the momentum carried the machine out on the water. A serious accident was only avoided because it was of amphibian type it was stated. The left wings of the air craft were slightly damaged.

#### Farmers To Hold Meeting

Saskatoon, Sask.—Some 400 farmers who specialize in the breeding of horses, cattle, sheep and swine will gather in Saskatoon on January 22, 23 and 24, when the Saskatchewan Livestock Association, with all its sections, meets in annual convention. Sessions will be held in the King George Hotel here, and there will be numerous meetings on the different aspects of stock farming in the province.

#### Premier King Returning

Ottawa.—Premier Mackenzie King will sail for Canada on or about the 19th of this month, according to word received here. He will probably be accompanied on his return journey by Hon. C. A. Dunning, minister of railways; and Hon. Raoul Dandurand, government leader in the senate.

#### Finds Lost Scout

Windsor, N.S.—Col. Collins, South African delegate to the Empire Parliamentary Association, discovered W. Muncey, missing Canadian scout of the Boer War, whom Collins has been seeking all over Canada, resides at 1230 27th Avenue, Vancouver.

#### Eliminate Level Crossings

Toronto.—With the object of eliminating every level crossing in Ontario the provincial department of highways is having an official report made on every point where railway lines cross one of their highways.

### POLICY IS CRITICIZED

Lord Cushenden, whose foreign policy on behalf of Great Britain is denounced by David Lloyd George as "one of barely veiled subserviences to France."

### Opposes Renewals Of Entente

#### Ramsay MacDonald Thinks Alliance With France Is Unwise

London, Eng.—At the recent Labor conference, Ramsay MacDonald made an important speech saying, "We must orient our diplomatic policy anew. I say that, without enmity to France, it is not good for France or for us that we should re-establish any sort of alliance."

France is bound to take notice of this declaration on British policy from the leader of the opposition. The country has not yet any clear knowledge as to whether the present government is re-establishing the alliance with France, but unpublished agreements as to armaments on land seem to imply a new entente.

Ramsay MacDonald proposes to drag a declaration from the government when parliament meets next month. There are reports that the French government will immediately publish all correspondence on the naval side of the agreement. The understanding as to land forces is said to have been expressed only verbally.

### Adheres To Peace Pact

#### Soviets Deposit Note With State Department At Washington

Washington, D.C.—Soviet Russia has joined the other Nations adhering to the Kellogg-Briand treaty for renunciation of war. A document formally signifying Russia's adherence has been deposited with the State department by the French embassy, acting on behalf of the Moscow government, the United Press learned.

State department officials declined to discuss to the content of the document, but said it was placed with the original copy of the treaty. Officials intimated it would not be made public.

#### No Demonstrations Allowed

Jerusalem.—The district commissioner of Jerusalem has refused to permit the orthodox Agudath Israel to hold a festival procession on the occasion of Succoth and has also banned a Moslem religious demonstration. It was stated that the government would prohibit any religious manifestation in Palestine.

### A VERY GRIM TALE

Once upon a time there were three bears. Along came the Trans-Canada and then there were two. The moral to this little story is—do not trespass on the railway tracks. Mother Bear is seen giving her sons an airing at Lake Louise. (C.P.R. photo.)

### Turned Adrift In Leaky Boat

#### Quebec Liquor Commission Inspector Threatened With Death By Captors

Montreal.—Joseph A. Patry, Quebec liquor commission inspector, was kidnapped by bootleggers at Riviere Du Loup. He managed to reach shore by paddling his craft with an old piece of wood.

Patry was instructed to probe suspected illegal transportation of liquor by boat to New Brunswick, and with two companions set out for a large gasoline yacht which was anchored a short distance from the Riviere Du Loup wharf. The inspector managed to scramble aboard, but before his assistants could mount the boat, the yacht's engines were started and the yacht set out for the middle of the river. Patry tried to draw his revolver, but his arms were seized from behind and he was warned if he raised an outcry he would be killed, and his body thrown overboard.

Later on the officer was lowered into a leaky rowboat and left to his fate. The matter has been reported to the authorities.

## SASKATCHEWAN POOL ELEVATOR SYSTEM EXPANDS

Regina.—An extensive program of country elevator expansion was announced from the head office of the Saskatchewan Wheat Pool in a statement issued by R. J. Moffatt, managing director of the pool, in part as follows:

"It is anticipated that with the completion of elevators now under construction by Saskatchewan Pool Elevators, Limited, the country grain handling facilities controlled by the Saskatchewan Wheat Pool for the 1928 crop will include more than 960 elevators, with an average capacity of between 30,000 and 35,000 bushels each. This number compares with 727 country elevators in operation for the 1927-28 crop year, an increase of 233 elevators for the current year.

"All told, there have been 210 points in the province which have been approved by the board of directors as points at which Saskatchewan Pool Elevators, Limited, should secure Pool grain handling facilities, either by construction, purchase or lease of a country elevator. Of this number Saskatchewan Pool Elevators

has acquired 104 new country elevators by construction; 76 elevators have been secured either by lease or purchase; 19 elevators are at present under construction; and 11 new houses have yet to be built, of which 30 will be located at sidings on new railway lines. Three elevators have been rebuilt at Pool points where elevators were lost by fire, and three purchased elevators have been rebuilt.

"I do not believe there is anyone in the world who does not want peace if they can get it," he said. "However, one has to be ready for war, as you do not keep burglars out by leaving the door unlocked."

### General Allenby In New York

#### British Hero Honored By Official Salute Of 17 Guns

New York.—Field Marshal Sir Edmund H. H. Allenby, so-called last crusader, who conquered the Turks in Palestine and Egypt for the British, was welcomed on his arrival here for the American Legion Convention to be held soon in San Antonio.

Arriving on the liner Majestic with Lady Allenby, General Allenby received an official salute of 17 guns from the army reservation on Governor Island as the city's reception boat Macoma carried him from the liner to the battery at the Southern tip of Manhattan Island.

The British hero spoke of the growing tendency toward "open diplomacy" among nations but saw no sign for great disarmament at present.

"I do not believe there is anyone in the world who does not want peace if they can get it," he said. "However, one has to be ready for war, as you do not keep burglars out by leaving the door unlocked."

### Believes River Under Control Of Dominion

#### Hon. N. W. Rowell Says Federal Rights Not Limited To Tidal Waters

Ottawa.—The Dominion parliament has authority to declare the existence of a public right of navigation over any river navigable in fact. Before the Supreme Court of Canada, Hon. N. W. Rowell, K.C., counsel for the Dominion, made this further contention on the question of federal and provincial control respecting navigation and water ways.

"If a public right to navigation does not exist, as Ontario suggests, on the Great Lakes and the western portion of the St. Lawrence, Mr. Rowell proceeded, "then under the British North America Act and the powers of the Dominion in regard to navigation and shipping, the Dominion must have power to take action in the interests of having a national highway for trade and commerce in Canada."

My contention is that the Dominion has absolute control over navigation and shipping."

### First Freight Has Reached Flin Flon

#### Five Tractors Have Been Delivered At Mile 83

Flin Flon, Man.—Following the driving of the last spike on the Flin Flon Railway, freight has started to arrive by train and the first load, consisting of five tractors with tracks on attachments, delivered a mile 83. There are now 15 tractors hauling freight in and out of the big mine. The arrival of a further shipment of tractors is expected in the near future and by freeze-up roads to Island Falls should be in shape to stand the heavy traffic which will cross them during the coming winter.

#### Mining Office At The Pas

The Pas, Man.—Establishment of a government mining office at The Pas has been effected by Hon. Chas. Stewart, minister of the interior. It will be under the direction of C. C. Ross, of Alberta; Fred V. Siebert and A. L. Cummings, engineers of the department, are in charge. The office is in the Bank of Toronto building.

**ON BEING A HOME-TOWN BOOSTER**

This paper believes in Didsbury and its future. It believes that this growing town is destined to be a much greater town than it is today. It believes that the great majority of people living here have an abiding faith in the town's future and in the town of today. It is this faith that has made Didsbury and it is this same faith that is going to continue to make it a greater city.

No one need talk of "putting Didsbury on the map". For, all the world knows, it is already on the map; it has had a conspicuous place there for many years. And it is going to remain there—forever.

This town is already a great place in which to live. If one were to look all around the world, none better could be found. When everything is considered, no one honestly can say that any other town is a better place than Didsbury.

For that reason, if you have any money to invest, invest it here. It is safer at home than it is any place else. Keep out of the clutches of the oily-tongued stock salesman who comes from a distance and wants your money to invest in an enterprise, the merit of which you know nothing save what is told you by the man or men seeking to "separate you from your coin."

If you have any money to invest, think it over—and then invest it locally. Every resident of Didsbury ought to be a booster for Didsbury and its enterprises. Owning local real estate will go a long way toward making all citizens a booster for the home town. Build or buy a home—and grow with Didsbury and enjoy to the full all the benefits of being a local home owner.

**WE LIKE TO GET THE NEWS**

The main aim of the weekly newspaper, as the name implies, is to give news of its own district. It may have other aims, such as to give merchants a chance to tell of their goods in its columns or influence public opinion through its editorials; but first of all it must give the news. Some of his news is not easily obtained and no editor can cover it without assistance. Especially is this true when you have visitors. Many of the ladies think personals are the most interesting reading in the whole paper.

You visitors are usually glad to have their names appear, so send them in. Sometimes people come in and give the impression that they are asking a favor when they want to insert the names of their friends who have been spending a few days with them. No person need feel that way about giving us news items, for we are glad to get them all.

**WHY ARE "DUDS"?**

Every high school has its quota of so-called "duds"—pupils who do not measure up to the standard set for high school accomplishment. In most cases one or two causes seems to be active: either the student is not interested in the sort of work that the high school offers him, or he lacks the necessary mental equipment. It is not often that a pupil is found who is constitutionally lazy; many children who appear to be lazy could be induced to work if the right stim-

plus were found or if they were given work that they had the ability to do.

It is folly for the teacher to tell an uninterested or incapable child that he is a "worthless good-for-nothing"; usually it is not true. On the other hand it is uneconomical administration for school boards to allow the schools to be cluttered up with uninterested and incapable children. And parents who insist on such children "getting an education" very often have a mistaken idea of the meaning of the word education.

The trouble at the present time seems to lie, not so much in the lack of facilities for training children who will not or cannot do justice to academic instruction, as in the lack of facilities for advising pupils as to the type of training suitable to their needs and capabilities.

With a view to giving trials in Alberta to the ways in which children are given vocational advice in the principal Canadian centres of education, and as a preliminary to a more vigorous campaign for vocational guidance in schools, the Research Committee of the Alberta Teachers' Alliance has undertaken to devote considerable attention to securing information. D. L. Shortlie, M.A., of Edmonton, is the chairman of the sub-committee on Vocation Guidance.

**Trail Riders of the Canadian Rockies Visit Lake of the Hanging Glaciers in British Columbia**

Hundreds of lovers of the great outdoors have joined the Trail Riders of the Canadian Rockies to scenic wonders which have been viewed by a mere handful. John Murray Gibbon, of Montreal, first organized this great ride, which this year started August 2, for the Lake of the Hanging Glaciers, from Banff and Lake Windermere, B.C. Each year it has been bigger and

better and the membership now exceeds a thousand, many of whom have won the gold and enamel button signifying that they have ridden at least fifteen hundred miles. Of the hundred so qualifying, 23 are ladies. Three of the girl-members who joined up with the main party this year on the start for the Lake had already covered upwards of 200 miles of mountain trails.

The Lake of the Hanging Glaciers, about 7,500 feet above sea level, in the Selkirk Range, was discovered about 20 years ago, but is still as wild as ever. Its name gives some idea of its spectacular appearance, which is that of an immense cirque, with eight glaciers forming a moraine which drops off sheer in an ice wall nearly 300 feet higher than the lake itself. From this ice wall icebergs are falling continually, and forming a miniature Arctic sea in the heart of the mountains. Surrounded as it is by jagged Alpine peaks, many of which exceed 11,000 feet in height, this district has challenged the ambition of many Alpine climbers,

## THE CRIMSON WEST

BY ALEX. PHILIP

Published by Special Arrangement With Thomas Allen, Publisher, Toronto, Ont.

### CHAPTER II—Continued.

Fresh from his exercises and shower, his cheeks red, his dark eyes shining with the clear glow of health, his step springy and free, Donald was a picture of rugged health and strength. But for all this apparent outward brightness, inwardly he felt rebellious. Douglas' invitation had brought a great longing for the comforts of his past life. Why should he assume the role of a pugilist to eke out an existence? Why wear shabby clothes and even know the pangs of hunger? He had but to wire his father that he was destitute and plenty of money would be forthcoming.

A big steak at "Old Joe's" furnished him a hearty meal. As he selected the money from his meagre supply of cash to pay his check, Old Joe bent his grizzled head forward. "Don't go hungry; come in any time."

"Thanks, Joe."

Donald was in a dark mood. He heard the sound of happy laughter coming from a saloon on the corner. There behind those swinging doors was momentary recess from worldly cares. He stood in the door of the restaurant and looked across the Inlet at the twin peaks, known as the "Lions," which guard the entrance to Vancouver's harbor. The sun was setting in a mass of fleecy clouds; the clouds became a luminous gauze, and a golden splendor spread over the water. The mountains were suffused in violet, while the snow-fields took on a faint stain of rose. Donald's face glowed as he watched.

"Some country!" he breathed. He turned to catch a friendly smile from Old Joe as he worked over his range. "And some people!" he added fervently.

Once more he turned to the mountains. The glow had vanished and the Lions stood in bold relief against the

## MEDICINE FOR YOUNG GIRLS

Mothers Endorse Lydia E. Pinkham's Vegetable Compound

Sydney, N. S.—"My seventeen year old daughter took Lydia E. Pinkham's Vegetable Compound for weakness and pains. She could not go about much with the other girls as she was not strong enough. We got six bottles and it did her a great turn. She is working out now in a store and walks three miles every morning and back in the evening"—Mrs. MARY VANCE, 44 Linton Road, Sydney, N. S.

Pinewood, Ont.—"I constantly had pains in my back and side and spent two days in bed every month. I have taken three boxes of Lydia E. Pinkham's Vegetable Compound Tablets. They have done me good and I always have them in the house. I have recommended your good medicine to several friends and have given it to my 17 year-old girl"—Mrs. ALFRED OUELETTE, Pinewood, Ontario.

clear sky. The massive snow-capped peaks seemed to impart a new strength to his being. "I'll not quit I'm going to make good," he said grimly.

### CHAPTER III.

While on his daily run around Stanley Park the next afternoon Donald was attracted by a horse and rider standing on Prospect Point. The rider was interested in a huge white liner plowing her way through the Narrows, bucking a head tide. The horse, a noble animal, with full mane and tail, was restive, rocking and prancing in his eagerness to be off.

When Donald lifted his eyes to the rider he saw a beautiful, haughty face with skin of a milky whiteness a heavy mass of dark brown hair, neatly coiffed under a trim riding hat, and a pair of wonderful brown eyes that suddenly grew cold.

A shower of dirt and pebbles stung Donald's face as the horse was swung about as though on a pivot and with its rider was off like a wind.

"A thoroughbred," he exclaimed, as he watched the rider until she turned a corner in the drive. "Two of them! And she thinks I am a low-down masher," he added ruefully.

That afternoon he went through fifteen rounds of boxing, finishing strong and fresh to tackle pulleys and punching-bag.

Andy was joyful. "It will never go twenty rounds, me lad. That straight left of yours alone would stop 'im in 'arf that time."

"This is my last day of road-work," remarked Donald to his friend on Friday afternoon, as he slipped on his running shoes.

As he and Douglas neared Prospect Point Donald's thoughts turned to the girl of yesterday. "She was haughty as a princess." Unwittingly he had spoken his musings aloud.

"What's that?" queried his companion.

"I was talking to myself," laughed Donald.

"Bad sign! You are either in love or old age has overtaken you. Too bad!" Douglas wagged his head sadly.

"I may as well tell you," confided Donald; "I saw a Greek goddess mounted on an Arabian charger yesterday."

Douglas threw out his hand tragically. "Donald, my poor friend! I am afraid that I hit you too hard in that last round," he said in a voice of mock compassion.

Douglas stopped short. "Look!" he cried, pointing excitedly. "there she is!"

"I'll be jiggered!" exclaimed Douglas.

"Don't blame you, but isn't she a peach?" said Donald admiringly.

Douglas burst out laughing. "Do you know who that is?" he asked with a peculiar inflection.

"I told you — a Greek goddess, mount—"

"That's my sister, Janet," interrupted Douglas.

Douglas's mouth opened. He stared at his friend. "Your what?" he exploded.

"Oh, I forgot! Poor fellow!" said Douglas, solicitously, as his face assumed a mournful expression. "I'll certainly have to pull my punches hereafter." He leaned toward Donald and placed his lips close to his ear. "S-l-i-s-t-e-r," he spelled slowly. "Does the old bean grasp it?"

"Cut the comedy," growled Donald as he jerked Douglas to the side of the road out of sight of the equestrienne. "Good heavens! Your sister!" he groaned, "and she thinks I am a masher."

"Why should she think that of you?"

Douglas told him of yesterday's occurrence.

"This is great!" chuckled Douglas. "Come and meet my sister, Donald. I'll tell her that you can't help flirting, and that will fix things up all right. I'll call her." He grinned facetiously.

"Don't you dare! You——" Donald warned.

Douglas avoided Donald's wild clutch, ran to the centre of the road and waved his arm.

"Oh, Janet," he shouted.

Douglas shook an angry fist at his tormentor and sprang to the shelter of the trees. There was a thud of hoofs, a spattering of gravel, and the sound of creaking leather.

"What in the world are you doing

"Thou hast dealt well with Thy servant, O Lord, according unto Thy word." —Psalms cxix, 65.

Beneath the splendor of Thy choice, Thy perfect choice for me I rest; Outside it now I dare not live.

Within it I must needs be blest. —Jean Sophia Pigott.

I would rather be what God chose to make me than the most glorious creature that I could think of. For to have been thought about,—born in God's thoughts,—and then made by God, is the dearest, grandest, most precious thing in all thinking.

George MacDonald.

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worn infant.

Try It Yourself, Too!

You Can See Why a Layerbilt

Lasts Longer

We would hardly advise you to tear up a new Eveready Layerbilt to find out why it lasts longer—but after you have finished one of these batteries, pull it apart!

You'll see how solid with current-making elements it was—and how evenly the wide plates of carbon and zinc wore away, giving the last bit of energy before your Layerbilt finally "signed off."

You'll marvel at the great improvement over the old types of batteries with their small construction and we know that you'll be satisfied that the long life and economy of your Layerbilt was not just a lucky accident or a mystery, but a certainty of long service and economy based on scientific construction, which you can count upon with every Eveready Layerbilt "B" Battery.

### A PROBLEM FOR YOUNG MOTHERS

Stomach troubles cause most of the distress of babyhood and childhood, and are the greatest problem that a young mother has to solve. The treatment for these digestive disturbances that make baby cry continually and disturb his sleep must be quick and effective, and, above all, perfectly safe.

The absolutely safe treatment for disturbances of the stomach and bowels is found in Baby's Own Tablets. Thousands of mothers have had their problem solved through them. They are guaranteed to be free from all injurious drugs and cannot possibly do harm to even the youngest babe—they always do good.

Baby's Own Tablets regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and promote that health-giving sleep which is so necessary to the welfare of the baby or growing child. The Tablets are sold by all medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## We Are Not Afraid To Ask More BECAUSE *We have the best Coal*

No coal firm is more interested than we are in  
giving the best possible service at low prices,  
but when Quality is at stake we are not afraid  
to ask a dollar more for Saunders Alexo Coal.

This coal is worth more than the extra price  
asked. Why haul two tons of coal when one  
ton will give as much heat and doesn't take all  
your spare time carrying ashes.

No matter what price we sell at, you can rest  
assured that you are getting value for your \$.

### There's No Better Method

of reaching the people than through the  
medium of the Classified advertisement.  
Everybody reads them, for they are news to  
those who seek something and likewise news  
to those who have something to sell. To  
get what you want, let everybody know  
through the Want Ad column of The Pioneer.  
Use the Want Ads more—for any purpose—  
and we are satisfied that you will be gratified  
by the results. If you have lost anything,  
just put in an ad.

A Want Ad in the Pioneer will prove its worth

### Buy Coal-Now!

During the winter months there is often a shortage of High Grade Coal and deliveries are limited.

**Stock up in the Autumn**—You can get just the kind you want, from a choice of Quality Coals to meet your requirements—and your individual order will receive careful service. We recommend according to your needs.
